Robertson Memorial Library

Library Hours: Monday 1:00 – 6:00 PM; Wednesday 1:00 – 6:00 PM,
Phone 773-9334 (Leave a message any time.)

For over a year, I've been promising patrons that a new railing for the library entrance was on its way. It has finally been installed by carpenter **Johan Livingstone**. Forged by **John Passiglia**, blacksmith and PVRS teacher and Leyden senior **Nick Gamarlo**, it is unique, sturdy and well positioned. Thank you to all who worked to make this happen!

Trustee **Trueman Robbins** has a keen eye. "Come out here," he beckoned one afternoon when he and Tucker visited to return books. Once outside, Trueman pointed to the granite steps of the library and asked, "What does this mean to you?" He was pointing to the carved date RML was built—1913! "Looks like we've got a centennial celebration to plan," he said. "We'd better start planning!"

So, planning we are. I'll keep you posted on plans and meetings to make the celebration of 100 years a real tribute to what this little building represents, its rich history, its availability to patrons, and its survival during tough times!

Rachel Rodgers, a senior at PVRS, has been volunteering again this summer as she works to earn her community service points to qualify for the National Honor Society. Topnotch is one way to describe Rachel's poise, work ethic, and attitude. We are blessed to have her...just wish she weren't growing up so quickly!

Summer readers abound. Young people participating in the Summer Reading Program are visiting regularly, and many patrons continue to grab the new best sellers that arrive several times a month. All reading forms must be submitted to me or to one's PRES teacher no later than Friday, September 7.

Alicia Hunsicker to Artist Residency

Boundless: An Artist Residency in Austria and Journey to CERN

Hello Leyden Friends,

I am excited to share this amazing project with you! I have been invited to participate in an artist residency by the D. Fleiss East West Foundation out of Eastern Europe. I am really excited by the possibility of going and have created an online fundraising event through Kickstarter, a trusted fundraising tool specifically for creative projects. I need some help with the travel costs, and I am offering a variety of wonderful rewards to my project backers: original art, eye portraits, maple burl wands, coasters, even a workshop!

While at the D. Fleiss East West Artist Residency I will research and create boundary-bending work that intersects art, spirit, and science. Visit the link below to read about this opportunity in greater detail!

Currently I am 50% funded with an all-or-nothing deadline of August 28th. Please consider backing Boundless: An Artist Residency in Austria and Journey to CERN and join me on this journey. A small pledge can make the world of difference at <http://www.kickstarter.com/projects/aliciahunsicker/boundless-artist-residency-in-austria-and-journey?ref=email>

—Sincerely, Alicia Hunsicker

Knit for Your Neighbors!

You *know* you've been meaning to start that project. Now is a good time!

When finances are tight, replacing that old hat or lost mitten can strain an already stretched budget. So dig through those baskets of yarn and shelves of remnants and join the Leyden Knitting Circle in making hats, scarves or mittens for our neighbors.

Starting in late September there will be drop-boxes around town to collect our finished projects. Watch this space for a listing of locations. Meanwhile, it's a great time to start a project that will help a neighbor to keep warm this winter. Please call me with any questions.

Meetings and Gatherings

Council on Aging

Next meeting: Thursday, September 13th at 11:30 AM

The Leyden Council on Aging meets at 11:30 AM on the second Thursday of each month. It's an opportunity to share conversation, travel adventures, a good book, movies, and information that might be of use as we negotiate the process of growing older. It is also a time to simply share a meal or play a game of cards.

Anyone over the age of 55 is invited to attend, and yes, that means all of us "baby boomers" who want to think we'll never age!

We have formed a new Council committee with several members: Gilda Galvis, Barbara Wallace, Rev. Ken Mantler, Karen Sims and Paula Sayword. We are open to adding committee members and to any ideas and suggestions you may have.

If you're free the second Thursday of the month, come on over to the church Fellowship Hall. If you need a ride, just let one of us know. Please call Edith Fisher at 773-7336 before September 10th to let her know if you are planning to attend.

The Leyden Council on Aging is dedicated to providing programs that support healthy and independent living for local seniors and is funded and supported by the Massachusetts Executive Office of Elder Affairs. Their funding allows the COA to offer delicious meals and interesting programs and to help support the newsletter and more.

All are welcome to join us; no experience is needed and all kinds of handicrafts are fine.

Visitors and all ages are welcome. Call ahead to RSVP and confirm the location. Generally we meet on the 2nd and 4th Friday of the month. If you would like to be on an email group for the Knitting Circle, get in touch with Laura.

Interested in Amateur Radio?

The Franklin County Amateur Radio Club (FCARC) holds amateur radio license exam sessions four times a year. The next session will take place on Monday, August 27th at 7:00 PM at the Northfield Unitarian Church. More details are available at <http://www.fcarc.org/venews.htm>.

The FCARC is also planning to present an Amateur Radio Technician license class in Fall 2012. Anyone with questions about amateur radio licensing or just interested in learning more about amateur (ham) radio is invited to contact Al Woodhull at 773-3522, e-mail aswoodhull@yahoo.com.

Board of Health

Fall is coming shortly and people may be wondering about flu vaccines. We have been guaranteed 90 doses this year that we can administer to our residents free of charge. The Flu Clinic will take place on election day, Tuesday, November 6th from 5:00 to 7:00 PM downstairs in the Town Hall. We are going to try to hold a blood pressure clinic at the same time if staffing permits.

We have been updating our files, and in doing so have noticed that many homes do not have current septic pumping reports in their files. Please take a few minutes to check your records at home to make sure yours was pumped within the last 3-5 years, depending on usage. This will save you from having major problems in the future. Each company that pumps out septic tanks is required by state law to send the report to the Board of Health within 10-15 days.

Just a reminder from your Board of Health: When you use either the Town Hall kitchen or the one at Avery Field, please remove all trash from the rest rooms, kitchen and any areas you use. Counters and sink areas must be sanitized with bleach/water mixture both before and after use. Stoves are to be left clean (no grease, please), as well as any utensils used. Dishes and silverware must be washed, rinsed and sanitized before they are put away to prevent the spread of bacteria and illness-causing organisms. **PLEASE DO NOT LEAVE THESE THINGS FOR THE NEXT GROUP TO DO.** Let's all work together to keep our residents free of disease.

The Board of Health has copies of hand-washing and allergen posters, if any group needs them to post at functions (both need to be posted at each event). *They're free*—just call Gloria at 774- 7113. We do inspect the above-named kitchens as required by the Massachusetts Department of Health as a free service to our town. All functions selling food to the public must have a Serve-Safe certificate and a temporary food permit displayed in the kitchen. The temporary food permit can be obtained by filling out a request form for the Board of Health. The permit is also *free* to Leyden organizations.

Want 21st Century Broadband in Leyden?

We need to hear from you!

Check out the very important insert which is included in the sleeve with your *Leyden Life*. As you know, Leyden voted to join WiredWest at our last town meeting. It is a municipal telecommunications cooperative of 40 towns not served and underserved by broadband. WiredWest towns are working together on a fiber-optic network in the region to provide state-of-the-art and affordable Internet, phone, video, and other services to homes and businesses. This network will serve us for decades. It will drive regional economic development, create jobs, improve education and healthcare, enable a sustainable future for our community, and improve our quality of life.

The next step, a very important one, is to demonstrate sufficient interest in the network in Leyden to show financial sustainability. Pricing for services will be competitive with what people pay for these services here and elsewhere; and the quality of Internet service will be unrivaled by any other options available in the region. This survey includes a chance to express interest in cable and telephone services as well. The WiredWest network, since it will be operated by all the member towns, will ensure that the best interests of participating towns will be a priority.

We hope you will consider expressing your intent to purchase service from the WiredWest network. Even if you already have services from another provider, please note that WiredWest will not only deliver truly the best Internet service, but your indication of interest (non-binding) will help to ensure access for those residents who have no high-speed Internet options. You can fill out the card at the bottom of the enclosed sheet and mail it back as a postcard, or you can fill out an online survey at www.wiredwest.net, found at the upper right on the home page. If you have any questions, you can call me at 774-5922, or email me at lshourihan@aol.com.

Please respond to the survey as quickly as possible. We hope to be able to tally the responses by mid-September.

Information on the build status of the fiber optic network can be found at www.axiamassbroadband123.com. Also, a website that benefits veterans is at www.massvetsadvisor.org.

Artists of Leyden

Artists of Leyden welcomes **Laura “Lola” Baltzell** and her husband Mark Natale of East Hill Road and Brookline, MA. Lola is a self-taught artist who began her artistic career in her 30's. Her most recent accomplishment was the culmination of the War and Peace Project, a series of 750 collages incorporating the pages of Tolstoy's novel War and Peace. Begun in 2009, the entire series was on display in Russia in June 2012 at Yasnya Polyana, the museum and estate of Leo Tolstoy, and attended by Lola and other of the contributing artists including Leyden artist **Trish Crapo**. You can learn more about Lola and her work at www.artistsofleyden.org.

Lola Baltzell will jury an interesting show on Sunday August 26th from 5:30 – 8:00 PM in Cambridge. Titled the “50-100-150 Pop-Up Summer Show”, it features 50 pieces of original art, each being offered at the flat price of \$100, and each artist's work will be offered for sale only for a period of 150 minutes. The show will be held at the Riverside Gallery, 5 Callender Street, Cambridge, MA 02139. Learn more about this unique event on the calendar pages of www.artistsofleyden.org and www.facebook.com/RiversideGallery.

Deborah Garner's work is available for viewing at Gallery in the Woods in the regular rotation, or by appointment by contacting Deborah at deb@deborahgarnercollection.com.

Cecilia Tusinski's work "Gaza Walls" was recently accepted into Josh Simpson's Salmon Falls Gallery in Shelburne Falls and will be on display through February 2013. Says Cecilia:

The Gaza Walls series consists of four 12"x 12" canvas panels. Each panel is mounted in a hand-rubbed birch 'float frame', the inside of which is painted matte black, making the paintings appear to 'float' in the frame. The paintings are reminiscent of sun-baked walls with pigments of yellow ochre, white, burnt umber, red and gold, and include small pieces of Arabic newsprint incorporated into the heavily distressed surfaces. These came from a newspaper published on the day of the invasion of Iraq, 20 March, 2003. Although traces of previous human existence lie all around us, perhaps nowhere is this more evident than the multi-layered walls of ancient towns in the Middle East. These ephemeral traces of past and present civilizations are the inspiration for this series of works."

In the studio Cecilia is working on several light and atmospheric pieces, predominantly in the white/yellow/dusty orange color spectrum - mostly watercolor with some acrylic for texture: *"My 'summer series' of works on paper, and paintings to keep cool with! I'm saving the heavy darker, textured oil paintings for the winter—paintings to warm up by!"*

Pearl Rhodes Elementary School

Opening day for students in grades 1-12 is Wednesday, August 29th. Pre-K and K students will start on Thursday, September 6th. We'll have around 50 students this year. Teachers are Ellen Dandeneau Pre-K and K, Judi Shilling 1/2, Patty Huff 3/4 and Lisa Armstrong 5/6. We are going with a new schedule with early release on every Friday at 1:45 pm (Pre-K and K will continue to be dismissed at noon). Our new custodian is John Rogers, and the new Librarian is Linda Chapin. We may have a new P.E. teacher, but it's not yet official.

I painted, with the help of John Rogers and his daughters Rachel and Rebecca three out of four classrooms this summer. Teachers have changed classrooms. We have a new door into the wheelchair bathroom so that our youngest students can have quick access to the bathroom rather than have to walk down the hallway with an adult.

School's open—drive carefully!

Farm shares have continued this summer with tomatoes, peppers, garlic, corn, onions, eggplant, chard and more. We have been enjoying plenty of delicious vegetables every week and all are grown here in Leyden. It's a joy to help people eat healthful meals each week.

Currently I am planting for the fall and winter season and hope to have some salad greens, kale and spinach for winter eating.
