Leyden Working Farms and Forests Conservation Partnership signs are now being tacked up around town, explaining access into these parcels of land. We still encourage people to talk with the landowner to find out the best route to explore these areas, as some are still active working farms.

The Town recently had three successful bidders for Town-owned land that was auctioned off back in October. All three parcels were sold to the highest bidder, and taxes were paid on land through June of 2016. Money received after closings will be put back into the general fund where it will show up as free cash next fall. This is a big deal, as we have been working to get all property back on the tax rolls to lesson the burden of all taxpayers in town. "Great Job!" to all who have contributed the

Holiday Craft/ Tag Sale

The United Methodist Church will again be hosting a Holiday Craft and Tag Sale on Saturday, December 5th from 9:00 AM to 3:00 PM at Town Hall. Brunch/lunch will be available and weather permitting

there may be a visitor from the North Pole. Beside a baked goods table (donations requested) there will also be a quilt show and a raffle. Donations have already been promised from crafters, Dillon's, Country Jeweler, and a brand new Weber grill. Your donations are most welcome and appreciated. Tables are still available and can be reserved by calling Marilyn Kugler at 413 522 1847, or emailing at melodyhillfarm@gmail.com.

WiredWest

We did it, Leyden! We actually reached and passed the 40% goal for people committing to get fiber to the home. This is a big deal. We are moving rapidly toward 50% of all the families in Leyden who have already committed, close to 150 households! We have now joined 19 other towns who have passed the warrants at their Annual Town Meetings, voted on the debt exclusion to borrow funds, and then signed up at least 40% of their residents. A significant majority in Leyden voted for the warrant at the ATM and for the debt exclusion, recognizing how critical this initiative is to our future. Thank you to all of you have already committed. We know that many more will be signing up as we move closer to completion. The more who sign up, the more money we will bring back to our town through WiredWest.

As I have pointed out in previous articles, Verizon wants out of the rural broadband market, and as quickly as possible. They already do not cover many of our residents, and will not. The coverage we have is slow and inadequate. We cannot sell our homes with the promise that the buyers will keep the coverage we now have, since Verizon then pulls that residence to give to

Robertson Memorial Library

Library Hours: Monday 1:00 – 6:00 PM; Wednesday 1:00 – 6:00 PM, and Saturday 10:00 AM to NOON Phone 773-9334 (Leave a message any time.)

Here are some motivators to visit our little library and read throughout the long winter ahead:

- Discover possibilities! Connect. Inspire. Educate, Captivate!
- Enrich your life.
- Explore the world's knowledge.
- Explore today, discover tomorrow.
- Go anywhere. Learn anything.

As I write on this bleak November day, I rejoice that there are books in my life. If I need a break from print, there are DVDs of every genre and award-winning books on CD to fill my days, inspire my mind, and take me to different times and places as I meet characters both real and fictional.

Yes, indeed, your library is full of surprises just waiting for you to discover. If you haven't visited for a while or if you've never set foot in this little library, I invite you to come soon! If you can't get out to select materials yourself, just call and I'll make sure you receive what you want ASAP!

Happy Thanksgiving!

Leyden Broadband Committee

The Leyden Broadband Committee was appointed by the Selectboard as a result of the Town Meeting vote of May 16, 2015, which authorized creation of a Committee "to work with WiredWest, or any other entity, to advise and assist in the development of high-speed broadband internet service in the Town." The committee consists of five voting members which includes Bob Anson, David Curtis, Tom Luck, Jeff Neipp and Bob Ryan (Chair), with Sheila Hourihan and Al Woodhull, the WiredWest delegates for Leyden, acting as advisory members. Our first committee meeting was on September 8th, and the committee meets on the first Tuesday of every month downstairs at Town Hall.

The Committee is exploring several alternatives. The first, and the one the Town is most familiar with, is WiredWest. In addition to our own on-going due diligence of WiredWest, we are awaiting a report as to the viability of the WiredWest business plan from the Massachusetts Broadband Institute (MBI). MBI is the state group responsible for making sure the \$40 million of state money appropriated for bringing broadband to western and central Massachusetts is spent properly. That report should be available to the committee within the next month. At this stage, the Committee continues to support the WiredWest sign-up initiative as an expression of broadband support within Leyden.

The Committee's goal (and the MBI charter), is to provide broadband connectivity to every home in Leyden whether individual residents wish to be connected initially or at some later time. With the help of all three members of the Selectboard and the Municipal Assistant, the Committee is in the process of compiling a comprehensive list of all residences in town, including seasonal residents with unique seasonal broadband requirements. At present the list stands at 325 residences, 25 of which are seasonal non-voters.

In addition to evaluating the WiredWest alternative, the committee is also simultaneously exploring other options. We have met with several 3rd party internet service providers to determine whether it would be financially feasible to either operate our own broadband service, such as was done in Leverett, or to piggyback onto some other town's existing broadband solution. These exploratory meetings are on-going. At this stage we have ruled nothing out and continue to look for the best, and most cost effective, broadband solution for Leyden.

extra time to get this done.

The Selectboard recently met with all the cemetery associations in town, South Cemetery, Beaver Meadow, West Leyden and Town-owned Frizzell Hill Cemetery. Topics included their shrinking budgets to maintain them and Green Burials; each cemetery will make its own decision on that. Matt Muka from the BOH participated in the conversation and gave guidance on State regulations.

Our board has been busy with discussions and paperwork in bringing broadband into the community. We recently signed a letter that will allow us to share attorney costs with all towns to review WiredWest operation agreements. Towns working and sharing cost to bring better, faster, and reliable internet and phone service is another step in the right direction.

We also want to thank our Board of Assessors and Clerk for their great work. It's a busy time of year for them, as they are getting all the figures together to keep this town running. They just recently released \$2,025.56 from the overlay account back to the town that can be used at our next town meeting or revert back to free cash on June 30th of 2016.

The Selectboard has received numerous letters and comments about lack of parking during events held at Town Hall. As geography shows us, there is not a whole lot of room without some creative ideas. We have reached out to the Leyden Methodist Church and discussed the possibility of expanding parking next to the church. They would give the Town land next to the church, we would survey it, prep it for parking, and in the deed return eternity parking back to them for their use. This is in the beginning stages and input is always welcome.

In closing, we wish everyone a Very Merry Christmas and Happy Holidays, and a Happy New Year. With everything that is going on in the world we must step back and give thanks to the great country in which we live. —Bill, Jeff and Lance

someone on a wait list.

I have seen a couple of articles that indicate that Verizon wants to be out of the landline business as well, which will affect everyone, not just those who need the Internet. The day after I read one of these articles we had to have a service tech here for our phones. I mentioned to him that I had heard that Verizon wants out of the landline business. He just paused for a moment then said, "No comment." It is clear that what we are doing through MBI and WiredWest is really being done just in the nick of time. You may think you will never need a computer, but you will absolutely need a phone.

There will be much more in articles to come about what telemedicine and cyber medicine will mean to us as we move forward. If you have not already sent in your pre-commitment form and your refundable \$49 fee for your first month's service, please get online at wiredwest.net to sign up online or to print out a copy that you can mail in with your check. If you have questions, or need a form from some other source, please call Sheila Hourihan at 413-774-5922 or Al Woodhull at 413-773-3522.

Leyden United Methodist Church

The Christmas Story

"We are people of the story." That's how I've been starting worship the last few weeks at the Leyden church. Each week we retell an ancient story from the New Testament written 2,000 years ago or from the Hebrew Bible (also called the Old Testament) written as much as 5,000 years ago. We then interpret the story for our time, gleaning the lessons it has for us now. That's church in a nutshell.

During the season of Advent throughout December we'll be telling the story of the anticipation of the birth of the Messiah, the one who would redeem and save us all. Check us out on Facebook or at leydenumc.weebly.com to learn more.

On Christmas Eve we will tell the precious and familiar story of Jesus' birth from the shepherds to the angels to the baby in the manger and gifts from the wise ones in short readings interspersed with carols. Our service will begin at 7:00 PM and end with everyone standing in a circle, holding candles and singing Silent Night in the darkness.

It is a wonderful story. Come and share it with us on December 24th at 7:00 PM.

--Rev. Cheryl L. Meachen

Pastor Cheryl preaches at the Leyden United Methodist Church which holds inspired worship at 8:45 each Sunday morning at 15 West Leyden Road across from Town Hall. Our facilities are handicap accessible and we offer Sunday School during our worship services. Come as you are, there are no fashion police. We welcome everyone to share communion on the first Sunday of each month. After worship every week you are invited to join us in our downstairs fellowship hall for delicious fresh baked goodies and friendly conversation.

Knitting Circle

Afternoon knitting: The Leyden Knitting Circle will meet Friday, December 11th from 2:00 to 4:00 PM at Barbara Wallace's house.
