

**Leyden Selectboard
Leyden Town Hall
Minutes
September 8, 2016**

Selectboard Members Present: Jeff Neipp, Bill Glabach, Lance Fritz.

Others Present: Bob Hardesty.

Call to order 6:45pm.

Minutes

MOTION: Lance moved to accept the minutes of September 1 as written. Approved unanimously.

Townsley Plumbing Invoice

The Board discussed the invoice from Townsley Plumbing received by PVRSD. Jeff suggested that PVRSD pay the bill for the sinks. We can use Free Cash to reimburse PVRSD. We should subtract \$290.00 from the total because we paid for the boiler inspection, which should have been paid by PVRSD.

Aerial Lift for Tree Trimming

The Board discussed the aerial lift that Chief Galvis acquired for the Highway Dept. They agreed that it should be inspected before using. Also, before using, we should make sure through MIA that workers are covered. The lift should not be used until it is at least covered for liability.

East Hill Rd. Maintenance

The Board discussed the possibility and advantage of using oil and gravel on East Hill Rd. in certain spots. They will discuss this further with Dave.

Broadband Financing and Budgeting

The Board decided to meet with the Accountant, FINCOM member, and Bob Ryan to discuss how to proceed with the financing and budgeting of the Broadband project. Topics to discuss include Enterprise Funds or regular Town accounts, use MLP or not, and how do we proceed. The meeting will be Thursday, September 15, 10:00am at Pearl Rhodes Elementary School.

ADJOURNMENT

MOTION: Jeff moved to adjourn. Unanimous. Meeting adjourned at 8:05pm.

Respectfully Submitted,

Robert Hardesty
