Selectmen’s Office

Welcome news for Leyden and our north end residents. Leyden’s small bridge grant application has been approved to replace the Simon Keets Bridge. Thanks to Lance Fritz for spending the time and effort in filling out the application forms. These applications are time consuming and require additional follow-up work. Michele Giarusso has attended meetings and has made many phone calls in moving this project forward for approval. Well done! We recently asked Michele to attend the MNA conference in Boston where small town projects are brought to the forefront of our state legislature and state officials. The town is awaiting paperwork now from DOT regarding our shared cost, along with design work and the bidding process. This is all good news.

Hardly a day goes by that PRES and our school district isn’t in the Recorder or on Springfield TV. School meetings have been crowded with concerned residents. The State is now involved, since passing the emergency legislation that gives the school district authority to borrow over a ten-year period to pay off its debt. A State overseer is on board to advise on how the

Board of Health

Leyden Board of Health Vacancy

Being on the Board of Health is no longer the muddy boots, lead paint checking, creepy-crawly discovery job it used to be. Since Leyden has become a member Town served by the Franklin Regional Council of Governments (FRCOG), all technical / certified / licensed aspects of the job are done by the Professionals from the FRCOG.

The role of Board of Health members is to oversee the work of the FRCOG team as it relates to Leyden; to distribute up-to-date information on public health issues, such as Lyme disease and prevention of illness; coordinate public health services like our yearly Flu Clinic; and to invite town members to participate in discussions when proposing new or revised health regulations for the town.

As Leyden is a small town with no stores or eateries, it is a low demand position. The Board meets four times a year, with the understanding that if a situation arises, we will meet more often...a rarity.

The new board member would also attend monthly coalition -oversight meetings that include representatives from other member towns and the professional staff that provides services to member towns.

As someone who has thoroughly enjoyed my six years on the Board of Health, I encourage you to take this opportunity to help our town stay safe and healthy. Please feel free to call me at 773-8595 with any questions.

—Kathie Benson

FRTA to Visit COA

The Franklin Regional Transit Authority (FRTA) will visit on Wednesday, March 20th at 11:00 AM in front of Town Hall prior to the COA luncheon. They're going to “teach us the ropes” about scheduling and riding on trips for seniors to go to doctor appointments or grocery shopping in Greenfield.

If you have not yet done so, please pick up a ridership application at the Town Administrative Assistant’s office at Town Hall.

Robertson Memorial Library

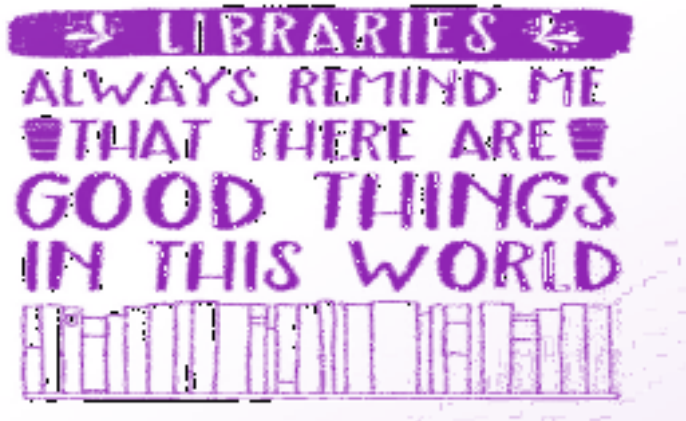

Library Hours: Monday and Wednesday 1:00 – 6:00 PM, and Saturday 10:00 AM to 12:00 NOON
Phone 773-9334 (Leave a message any time.)

As I write on this sunny February day, I rejoice that we've had no devastating blizzards. It's been an unusual winter thus far, and on behalf of all, I thank Trueman Robbins, ninety years young, for shoveling out the entrance to the library after each storm. David Brooks and his crew have been great in clearing out as close to the building as possible making access much easier. Thank you!

With the help of Rachel Rodgers, recent college graduate, we've weeded out books that have been collecting dust on the shelves for five or more years, and currently we're looking at the DVDs so that we can add to our collection without struggling to find shelf space. If you want to look at the freebies we have, please stop in. New, more current DVDs arrive regularly.

The library has been busy! Moms and their children often stop on their way home from school, and older patrons consider this a necessary stop once a week. It's exciting to shelve new materials and watch them fly out of here with a happy reader/viewer/listener. What a great job this is! Why don't *you* join this crowd and reap the benefits of your tax dollars?

Enjoy the month of March as we all 'march forth' to spring! —Chris Johnston

Neighbors Helping Neighbors

People are calling our help line to ask for a ride, a reference or other help. Please feel free to call and we will do our best to help you out as needed.

Current needs are for light housekeeping and meal prep and for rides and snow shoveling.

We are compiling a list of people of all ages willing to help out occasionally with either indoor or outdoor chores for seniors or disabled persons. Indoor chores might be helping out with cleaning or minor indoor repairs. Outdoor chores might be snow shoveling or yard help. This can be volunteer or fee for service. Our goal is to help seniors and people with disabilities on limited incomes to be able to age in place and stay in their homes. Advocates to drive and go to medical appointments and help people without family nearby are also needed. Call Amy 774-6907.

“The Eagle Has Landed!”

On February 5th Leyden resident Ben Hunsicker, who is a member of Boy Scout Troop 5 of Greenfield, earned Scouting’s highest rank of Eagle Scout. According to the record keepers at the Boy Scouts of Western MA office they don’t show another Leyden resident becoming an Eagle Scout for as far back as they have reliable records, so it has been many decades at the very least! And it’s quite possible that there has never been an Eagle Scout from Leyden!

Only 4% of all Boy Scouts attain the rank of Eagle. The necessary requirements take years to fulfill, including earning at least 21 challenging merit badges, living the “Scout Oath & Scout Law” (points intended to guide the positive behavior and

decisions of Scouts), mastering many outdoor skills, and significant community service and demonstrated leadership ability, all before age 18. This also includes an extensive service project that the Scout plans, organizes, leads, and manages. Ben’s Eagle Service Project involved leading a team of Scouts and adults who logged over 100 hours working to remove a long-abandoned metal payphone box from a side street in Greenfield, repurpose it into an attractive “Little Free Library”, then permanently install it at a very active part of Main Street (in front of Baker’s Office Supply) where it has maximum exposure to many people. The goal of the Little Free Library is to promote a sense of community, reading for children, and literacy for adults. Also, to encourage an appreciation for reading physical books during these times where more and more reading is done on electronic smart devices.

Two main aspects of the Scouting program are rank advancement and merit badges. For rank advancement, Scouts progress at their own pace to meet each required challenge while growing in self-reliance and in the ability to help others. By earning any of the more than 135 Merit Badges, a Scout can learn about science, sports, trades, business, future careers, and much more. An overarching theme of Scouting is of course the development of a deep respect and appreciation for the outdoors.

All of these experiences can culminate, for a select few Scouts, in the achievement of the Eagle Scout rank. Ben will undoubtedly be using many of the life skills he has learned during his Scouting career as he heads off to college this September.

Congratulations on your significant achievement, Ben!

Select Board

(Continued from page 1)

district can spend its revenue from the State and Towns, and we now have an additional salary in the budget for the overseer.

Along with this legislation the State can now override our four-town district agreement. That's probably going to be the process in which PRES will be closed. Leyden was notified by the School Committee of the 180 day notice to terminate the lease on the school building. Many steps still need to be put in place, and we would not be surprised if no decision is in place by the time of our Annual Town Meeting. On a positive note, the Bernardston elementary school is an excellent facility and we have been assured that our Leyden students will be very welcome. Much of the same staff would follow, and it will be up to all of us to support our school district. For the district to stay financially sustainable these decisions are in the best interest of the children.

The Heart Committee, which was set up two years ago by the Select Boards of the district to create a sustainable school system, is in the final stages of coming out with their report and a revised district agreement. Public hearings will be held in the district towns as the process moves forward. This will allow the towns to place articles on their Annual Town Meeting warrants to revise the school district agreement. You should check Leyden's town website at townofleyden.com for updated information on public hearings.

The current district agreement will be posted along with the Heart Committee's recommended changes so everyone is informed properly before attending the public hearing. Public hearings give you a chance to advise or make recommendations to the Heart Committee prior to it going to Town Meetings for voting. Much work has been done, with more to follow. There is no certainty that it will be completed prior to the Towns' Annual Town Meetings in the spring. All four towns have had many volunteers who worked tirelessly on this, along with paid consultants. Many thanks for your dedication in ensuring a better public education for the children in our towns.

The inside of Town Hall has been painted—floors, ceilings, walls—you name it we painted it. The Sheriff's Community Work Program has once again saved the Town thousands of dollars in free labor. The dining room floor was repainted with epoxy and the wall color was changed to brighten it up for community events. The Hardesty Room auditorium upstairs was all repainted as well. We have a commitment from a resident who is going to wax and buff the hardwood floor. The building is the focal point of this town and is getting used more and more. Don't forget the COA has something going on every Wednesday of the month, check their new program calendar on the town website for additional info on their events.

Talks with Greenfield continue on an inter-government agreement regarding a long-term ten-year agreement to handle our Fire Protection and Inspection services. We have made good progress on the agreement and continue with conversations with the Mayor and Greenfield Fire Department. Leyden has worked in the past with Greenfield on two other long-term agreements. One is the Leyden Glen that serves the water needs of Greenfield, and the other is the Veterans service office for which Greenfield and Leyden have long been partners prior to forming the Upper Pioneer Valley Veterans Services District. Our goal is to provide a full-time fire protection plan for the town and its residents.

A report done by the FRCOG in 2013 spells out many of the concerns that are facing many of the small rural towns today. With the new OSHA requirements and aging equipment that needs replacement, along with certifications and insurance liability on Fire personnel, workman's compensation and maintaining staffing, it has drawn our attention to look into options that are out there. Leyden averages around 15 Fire calls a year, which is not a high volume. To maintain a building along with a fleet of trucks, and new guidelines with certifications it's something that we certainly need to look into. Only two Leyden residents remain on the force. We will have an informational meeting possibly sometime in April to answer questions and inform everyone on how the Greenfield Fire Department would handle Leyden's fire calls. Our mutual aid system would remain in effect with no change and calls would still go through Shelburne control.

We would like to remind all Town departments and committees that it's budget time and your fiscal 2020 budget needs to get in to Michele so that the Finance Committee and Select Board can have ample time for review before the Annual Town Meeting. Annual reports are also due, so Michele can be sure it gets into the Annual Town Report for printing prior to town meeting. There will be a Town Caucus on Monday, March 4th at 7:00 PM in the Hardesty Room at Town Hall. Check the Town website for positions that are open. Some Town officials have expressed that they are resigning prior to their terms being fulfilled. If you are one of these, please submit your letter of resignation to the Town Clerk prior to town Caucus on March 4th to the Town Clerk effective the day of Town Meeting so that a nomination can be submitted at Town Caucus on March 4th and the office vacancy will appear on the town meeting warrant ballot. We hate to see anyone depart but certainly understand and thank you for your civic service. Keeping all our boards fully staffed makes for better town government. Check the Town website at townofleyden.com for positions that are open and appointments made by the selectmen that are also vacant. —Bill, Lance and Jeff

Just Ask Annie

Dear Annie,

We need some help! Rent to pay, car repairs, and electric bills are making it hard to make ends meet! Weekly grocery bills are getting higher and higher and with three children, food disappears quickly. My parents usually can help us, but with their fixed retirement income, they are now in the same position. What can we do to get through these tough times?

Really Worried

Dear Worried,

So many people are finding themselves in your position and I hope the following connections will help you and many others. **The Montague Council on Aging** in partnership with FCCM distributes food free of charge on the **third Wednesday of every month from 1:30 P.M. to 2:30 P.M. at 62 5th St., Turners Falls, MA.** This is open to everyone regardless of age!
