Discussion

David Brooks Highway Superintendent-

Dave presented his budget requests for FY 2021 budget. He discussed his plans for projects this summer and the quotes he has received for a new backhoe so far. His budget line item increases are each 3%. His number 1 priority for Chapter 90 money is to pave 10 mile bridge to wick the water away from the bridge to stop erosion.

The selectboard members discussed what accounts would fund the backhoe as it pertains to a warrant article and the amount each would be. There will be more discussion on this article at a later date. There was much discussion what Dave's other projects could be for the summer/fall including East Hill Road.

Custodian-Jeff stated the custodian should be on the agenda for our next meeting and invited to be here.

Municipal Assistant update-Michele presented her draft of the omnibus budget and warrant articles given to her so far. Most all department heads have submitted their budgets. She is still waiting for a few. Selectboard discussed warrant articles so far. There will be more to put on the warrant in the coming weeks. Michele stated the Keets Brook Bridge bid specifications are complete by Gill Engineering. It is a 66 page document if the selectboard would like to see she can email to them, she did print out. Michele asked if the board would meet after town caucus on March 16. Jeff stated yes, they would reconvene the meeting after the caucus at the town hall.

Motion: Jeff moved to adjourn the meeting at 9:35pm. Unanimous.

Respectfully Submitted,
Michele Giarusso
