Police Services Report/Update by Police Chief:

Liz: some towns are targeting \$65,000 for a new cruiser. Leyden is aiming towards \$55,000. Chief says Bernardston transfers a lot of equipment from old cruisers to new, (keeping the price down) but did say that Leyden should be basing the estimate for a new cruiser on \$60,000. Leyden should increase the amount being allocated to that new cruiser in five years. Will connect with the Leyden Finance about increasing the police cruiser line item \$2,000 in upcoming fiscal budgets.

Bernardston not contracted with any truck company, but rather uses the State to work on bids for the new vehicles.

No new staffing issues at this time. One new full-time officer has signed on. Chief doesn't know if he will stay – but is onboard as of now. The State Police Grant was not applied for – not enough time to submit the application this year.

Looking to apply for all new grants, matching or not, that could further the Public Safety Services. The towns will continue to communicate about those.

Chief mentioned the annual Bike Rodeo that focus's on bicycle safety. To be held on Saturday June 15 at BES.

Gill regionalization update:

Chief mentioned the Gill Chief has not yet retired and ~~may~~ that the town may not enter into a contract unless and until the Gill Chief retires.

Updates on Emergency Management:

Jeff Miller has been appointed as new EMD for Leyden. John Richardson is a valued member of the LEMC and would like him to continue on as he is.

Liz spoke to all new LFD vehicles that have been procured and how they were procured. All **LFD** are now trained at Basic 6 and that there is a new EMS Coordinator (Corrinda Thompson). Liz is also a member of the Woodlands Partnership and has applied for a grant to purchase a UTV and spoke to outdoor tourism and a Woodlands Partnership regional grant application to service those possible public needs that may arise. We will know if that grant is funded by the end of the summer.
