Leyden Board of Health Minutes

Meeting at Town Offices was posted

Meeting called to order 5:02pm

In attendance: Marcia Miller, Jerry Lund, Kurt Schellenberg

There were no minutes to vote on as there was no meeting in October.

*CPHS updates:

- a. Title 5 permits are decreasing while short term rental permits are increasing. New rules and laws regarding ADU's coming out. Buckland's policies are something to investigate for Leyden.

*CPHS oversight meeting review: Jerry attended the October meeting. Discussed opioid settlement funds.

*New Covid tests are at the town offices. Marcia is making sure they are available on the table in the hallway.

*Samantha Wood has begun the process of starting a creamery in Leyden. Randy C has referred her to MDAR to see what she needs to have in place to apply for permits.

*Electromagnetic waves: there is no peer review on either positive or negative effects.

*Perc testing on 98 Bell Rd property. Marcia will check BOH files and Kurt will review any permits pulled for that property. As of now, there is no electricity, running water or septic on the site.

*Farm animal burials: there are no regulations regarding this in Leyden because it is a "right to farm" community.

*Movement retreat: there is a "third party" person who is working for them to go between the planning board and the BOH. At this time, they have not reached out to the BOH and no permits have been applied for. Jerry will reach out to Jim B (planning board) to see if we need to start a dialog between the two boards.

*Naloxone sign: Jerry will design one and bring it to Copy Cat printing to have it laminated so it can be hung on the pole in front of the town offices. Jerry will install the larger Naloxone box at the town offices. He will check the boxes monthly and report to Maureen at the FRCOG.

Next meeting December 3, 2024 at 5:00pm

Motion to adjourn, motion made by Marcia, seconded by Jerry.

Meeting adjourned 5:55pm

Marcia Miller
