FREQUENTLY ASKED QUESTIONS

WHO should I INCLUDE in our household?

- ✓ **Household members away at school, in military service, or living in a nursing/medical facility** can and should be included if they use this address as their legal residence.
- ✓ **Young adults “planning to move out”** may remain on the census until they claim residence or register to vote elsewhere.

I am a PART-TIME RESIDENT of Leyden, and my legal voting residence is elsewhere. SHOULD I respond?

- ✓ **Please complete & return the census, noting on the form that you are a part-time resident.**

If Leyden is not your legal or full-time residence and you do occupy your Leyden address for at least part of the year, PLEASE DO return the census. Completing and returning the census does not change your “legal residence” for voting or tax purposes; it does help us to know you’re here part time.

Are CHILDREN included on the published STREET LIST?

- ✓ **NO.** Although children are included in this census, by law we are not allowed to release any information about residents under 17 years of age to anyone other than school or public safety officials.

How do I REGISTER to VOTE?

- ✓ **ONLINE:** Visit RegisterToVoteMA.com
- ✓ **BY MAIL:** Contact your Town Clerk so that a voter registration form can be mailed to you
- ✓ **IN PERSON:** Complete a voter registration form at Town Hall
