

Finance Committee Notes
Feb 13th, 2024
Town Hall/Building Tour, 4:00 p.m.

Ginger called the meeting/tour to order at 4:08 p.m.

Present: Ginger Robinson, Nate Messer, Pam Brown, Paul Hake, Katherine DiMatteo

The February 13th meeting was a tour of the current buildings to help the Finance Committee better understand the proposed improvements and repairs the Building Needs Committee presented.

The tour began with the Town Hall. Ginger and Nate started the conversation by stating the point of the tour is to better understand what we currently have and determine whether we can better utilize the buildings we have and repurpose them. At the Town Hall, it was discussed if the lunches could be served upstairs and whether the downstairs could be repurposed as office space.

The tour moved onto the Highway Department, including the old Police Station building. Then, the Finance Committee walked through the Fire Department building and met with the volunteer firefighters that were there. And finally, the tour concluded at the current Town Offices.

No formal decisions were made during the tour.

The tour ended at 6:30 at the Town Offices.
