Jim Barry-Green Communities

Jim went over the grant application process to become a green community. Most towns our size have been receiving around \$125,000. He would like us to let him know when we would like to move forward after discussing more.

Bill Yetter: Damage from accident on his property

Bill would like to close the issue since the town received the insurance money for the damage. If something happens in the future to the bank collapsing he would like the town to take care of it. He would like a letter stating he has no responsibility if something were to happen to the banking in the future.

Motion: Jeff motioned to close this matter. Letter to be written to Bill. Unanimous.

Adjournment

MOTION: Bill moved to adjourn. Unanimous. Meeting Adjourned 8:45pm.

Respectfully Submitted,
Michele Giarusso
